Foreword

Pragna Rao
Dean

Dear KMC Family and Friends,

Greetings!

I am pleased to introduce "Glimpses of 2018" and the student contribution "The Keyemcee Express". I hope you will find this report both informative and interesting and that it will give you an understanding of the activities undertaken by faculty and students. They have excelled in unprecedented ways, receiving national and international recognition. To distill in a few short pages all of the significant accomplishments of this year has been challenging!

This academic year marks another year of accomplishment and acclaim for Kasturba medical College, Manipal. Our highpoint was being ranked the 4th best medical college in the country in the NIRF rankings by the Ministry of HRD. As MAHE celebrated its silver jubilee, we were blessed to be notified as an Institution of Eminence.

As we step into 2019, we reiterate our commitment to advancing excellence in education, research, and scholarship. The KMC team will continue to work tirelessly to maintain KMC's pre-eminent position among the medical colleges in the world

In everything we do, we recognize that success is founded on partnership. We are grateful to our adjunct faculty, our research collaborators, alumni, parents, faculty and students, patients and to everyone who has been a bedrock partner for all our endeavors. We couldn't have done it without you.

Happy New Year !

With Appreciation and Best Wishes,

Student uses blockchain for medical records

Sidharth Ramesh, a third-year MBBS student from Kasturba Medical College, Manipal, develops a prototype for secure storage of patient data

Sidharth Ramesh

Every patient has a history. But for the doctor, it is a jigsaw puzzle. This is where blockchain comes in. Sidharth Ramesh, a third-year MBBS student from Kasturba Medical College, Manipal, has developed a prototype for secure storage of patient data using blockchain technology. He says, "Blockchain is a distributed ledger technology that allows data to be stored in a secure and transparent manner. It is perfect for medical records as it ensures that the data is accurate and tamper-proof. This is crucial for the patient's safety and the doctor's decision-making process. I am excited to see how this technology can revolutionize the healthcare industry."

Spit free India - Awareness Program

3rd of June 2018.

Spit Free India

- ❖ Spitting in public places is not only a major threat to hygiene, but also an act which is considered ugly and anti-social.
- ❖ The World Health Organization (WHO) has estimated that tobacco and its products kill over 3.5 million people worldwide every year.
- ❖ Environmental & Health Issues:
 - Hinders cleanliness
 - Transmission of infections
 - Increased risk of oral cancer
 - Mouth sore, cracking lips, teeth damage

- ❖ How can you make a difference?
 - Take a pledge; won't spit and won't allow others to spit
 - Educate the children
 - Create awareness among neighbours
 - Initiate anti-spitting drive
 - Spitting in public place is an offence
 - Think about ways to eradicate this habit.

 **KASTURBA MEDICAL COLLEGE**

FROM THE EDITORIAL DESK

We at the Editorial Board are pleased to bring you our first semi-annual e-newsletter, The Keyemsee Express.

Throughout the last eight months, the Editorial Board has branched out from its traditional once a year print publication, Signum Vitalis. I am pleased to write about this group of thirty one people, who have collectively organised a literary and arts festival, Festival of Ideas, taken to social media with various collaborative ventures and open calls and finally, established a literary journal, The Keyemsee (keyemsee.org). I can scarcely think of any medical school aside from a handful in the US which runs a dedicated literary journal or any medical institution that organises a literary fest where there's discourse on mental health, LGBTQ in healthcare or disability. Achieving our goals would not have been possible without the continued support of our Dean, Dr Pragna Rao and our Faculty Advisor, Dr Anitha S.

In this e-newsletter, we have gathered the various activities that have been going on in campus and hope that you might find this insightful and relive these memorable times with us.

-Reetobaan Datta

INVICTUS

A Combined effort of all the wings of Student Council, Invictus, KMC Manipal's annual intercollegiate sports cum cultural fest was efficiently organised this year. A fest can only be judged by its growth each year. As interests from colleges across the South showed a rise, an indelible mark of the Manipal sporting and cultural spirit was left on each of the participants.

FESTIVAL OF IDEAS

IT'S HARD TO DEFINE WHAT FESTIVAL OF IDEAS REALLY IS. IN FACT, ALL OF US AT THE EDITORIAL BOARD ARE STILL CLOUDED WITH THOUGHTS OF FASCINATION TOWARDS WHAT WAS FOUR DAYS OF SOMETHING QUITE BREATHTAKING.

HELD FROM THE 30TH OF AUGUST TO 2ND OF SEPTEMBER, FESTIVAL OF IDEAS WITNESSED TALKS BY DR VIKRAM PATEL, A HARVARD UNIVERSITY PROFESSOR IN MENTAL HEALTH, DR SATENDRA SINGH, A NOTED AND AWARD-WINNING DISABILITY RIGHTS ACTIVIST AMONGST NOTABLE OTHERS.

**IN CASE IT GOES
AMISS, WE
SCREENED NANETTE
AND LOVING VINCENT,
HAD A POP-UP
LIBRARY (SPECIAL
GRATITUDE TOWARDS

NEWS

In addition to the aforementioned events, KMC played host to quite a few other things as well.

-Asterion, held in August was the first intercollegiate academic fest. The fest saw the combined trials and tribulations of Tempus Pretiosus (The Emergency Medicine Society), Justitia (The Medicolegal Society) and Cutting Edge (The Surgical Society).

-Zomato and Swiggy are now in Manipal! Ten meals are assured at 50% off as broke pockets get a first taste of restaurants such as Frozen Bottle and EOTT.

-The Social Welfare Committee organised Sportzquake and C'Est La Vie to a lot of fanfare. Their charitable work has been continuing year-round. This year saw efforts to provide financial help through more innovative ways using apps like Tez and PayTM.

-A New interim Student Council has been elected, being led by Sneha Makkapati.

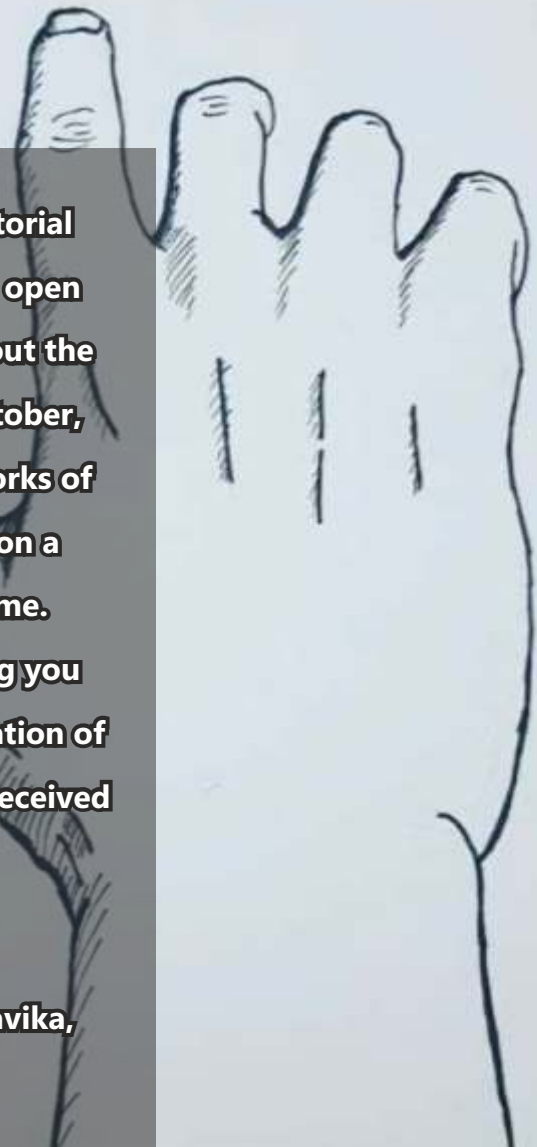

-Exams are around the corner for most of the college as late nights and coffee breaks become more frequent.

INKTOBER

The KMC Editorial Board ran an open call throughout the month of October, asking for works of art each day on a different theme. Here we bring you an amalgamation of the best we received

Artworks by:
