

Manipal College of Pharmaceutical Sciences endeavours to nurture an attitude conducive to self-learning and lifelong learning that would:

PEO No	Education Objectives
PEO 1	Impart comprehensive pharmaceutical education leading to PharmD degree with integrated professional knowledge and skills, with research competencies to work in all the domains of pharmacy profession.
PEO 2	Equip the students with comprehensive knowledge and skills to deliver pharmaceutical care in all the practice settings.
PEO 3	Cultivate innovative thinking in clinical oriented services and nurture the ability to adapt according to evolving paradigms in health care and research
PEO 4	Foster the best in-class experiential hands-on training and advanced pharmacy practice services.
PEO 5	Empower and sensitize pharmacists to serve the society in health care and guide the next generation clinical pharmacists.
