

PROGRAMME EDUCATIONAL OBJECTIVES (PEOs)

M.Tech. in Machine Intelligence and Decision Science (MIDS) graduate will be able to:

- **PEO1:** Demonstrate technical competence in intelligent system development.
- **PEO2:** Analyse and design optimal intelligent solutions for societal problems
- **PEO3:** Collaborate in interdisciplinary projects and exhibit a high level of professional and ethical values.
- **PEO4:** Pursue lifelong learning in generating innovative engineering solutions using research and complex problem-solving skills
